

Kern Citizens for
ENERGY

We, the undersigned, support Kern Citizens for Energy. We support local energy production conducted in an environmentally responsible manner in order to reduce our dependence on foreign oil, provide local jobs and increase revenues for Kern County schools, roads and public safety. The energy sector in Kern County is a vital part of our local economy and we are committed to its continued success.

YES! I support job creation and energy independence.

I would like to join the Kern Citizens for Energy coalition and you may use my information.
